#### 2. **Subject of the contract:**

*The subject of the contract is the supply of **total field scalar magnetometer***

Magnetometer must have the following parameters:

- Be equipped with two sensors enabling individual or gradient measurements
- Sampling rate: at least 1000 Hz
- Field Range: at least 20 uT – 100 uT
- Power Supply: at least 10-15V range
- Noise Floor: at most 4 pT / RMS(Hz)
- Heading Error: at most 80 nTp-p measured at 50 micro T field strength
- Operating Temperature: at least from -35 to 50 degrees C

#### 3. **Order completion date:**

The contracting authority requires that the order be completed within 30 days from the conclusion of the contract.

#### 4. **Conditions for participation in the proceedings:**

*Contractors meeting the following conditions will be admitted to the proceedings:*

- 1) *No relationship between the Contractor and the Employer*

A related Contractor is considered to be an entity:

- 1) related to or being a subsidiary, co-subsiary or parent company in relation to the Contracting Authority within the meaning of the Accounting Act of September 29, 1994;
- 2) being an entity remaining with the Ordering Party or members of their bodies in such a factual or legal relationship that may raise reasonable doubts as to impartiality in the selection of a supplier of goods or services, in particular remaining in a marital relationship, relationship of kinship or affinity up to and including the second degree, relationship of adoption, guardianship or custody, including through membership in the bodies of a supplier of goods or services;

- 3) being an affiliate or partner entity to the Contracting Authority within the meaning of Regulation No. 651/2014;

*Evaluation of the fulfillment of the conditions for participation in the proceedings:*

The Contracting Authority will evaluate the fulfillment of the above-mentioned condition by the Contractor according to the **meet/do not meet** formula on the basis of the statement submitted by the Contractor (Annex No. 2 to the Request for Proposal).

Failure to meet the above condition will result in the exclusion of the Contractor from the proceedings.

**5. Evaluation criteria:**

The contracting authority will select the most advantageous offer on the basis of the following criterion:

Criterion name	weight % (W)
Net price	100

Net price:

In terms of this criterion, the bid with the lowest net price will be the highest evaluated. Bids will be evaluated according to the formula:

$$P_{cen} = \frac{c_{min}}{c_n} \times W,$$

- where:
- $P_{cen}$  - number of points awarded in the criterion "Net price"
  - $c_{min}$  - Net price of the cheapest bid submitted
  - $c_n$  - net price of the tested offer
  - $W$  - weight of the criterion

The Contracting Authority will calculate the number of points awarded to two decimal places. The Contracting Authority will award the contract to the Contractor whose bid meets all the requirements set forth in the Request for Proposal and obtains the highest number of points (maximum 100 points).

**6. Method of bidding and required content:**

Bids should be submitted in one of two forms:

- by email to: [contact@flyfocus.pl](mailto:contact@flyfocus.pl) in the form of a PDF file containing a scan of the signed bid or in the form of an electronic document signed with a qualified electronic signature;
